

THE RYAN WHITE LEGISLATION

The Ryan White legislation created a number of programs, called “Parts” (known as “titles” before 2006), to meet the needs of different communities and populations affected by HIV/AIDS.

Part A	Part B	Part C	Part D	Part F
Provides emergency assistance to areas that are most severely affected by the HIV/AIDS epidemic.	Provides grants to all 50 States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, and 5 U.S. Pacific Territories or Associated Jurisdictions.	Provides comprehensive primary health care in an outpatient setting for people living with HIV disease.	Provides family-centered care involving outpatient or ambulatory care for women, infants, children, and youth with HIV/AIDS.	Provides funds for a variety of programs: The Special Projects of National Significance Program, The AIDS Education and Training Centers Program, The Dental Programs, and the Minority AIDS Initiative.

THE RYAN WHITE PROGRAM AT THE FEDERAL LEVEL

Administered by the U.S. Dept. of Health and Human Services Health Resources and Services Administration (HRSA), HIV/AIDS Bureau (HAB). Through appropriations, HRSA distributes funding through PARTS to cities, states, and local community-based organizations (all Grantees) to provide HIV-related services.
