

EXAMPLE OF DIRECTIVES

- Funded primary care services must be available in each of the major jurisdictions
- Providers must have bilingual staff in positions with direct client contact, including clinical staff
- At least one substance abuse treatment provider must offer services appropriate for women with young children and pregnant women

REALLOCATIONS

Planning Council's role: must approve any reallocation of funds among service categories

- Reallocation usually means moving funds:
 - » From underspent providers to those in the same service category spending at a higher level, or
 - » From underspent service categories to those categories spending at a higher level or with additional need
- Grantee provides expenditure data by service category monthly and request permission for reallocations as needed
