

# REALLOCATIONS

**Planning Council's role: must approve any reallocation of funds among service categories**

- Reallocation usually means moving funds:
  - » From underspent providers to those in the same service category spending at a higher level, or
  - » From underspent service categories to those categories spending at a higher level or with additional need
- Grantee provides expenditure data by service category monthly and request permission for reallocations as needed

## REALLOCATIONS (CONT.)

- **Exception: Rapid Reallocation Policy**
  - » Allows the AA to reallocate up to 10% of the full allocation of the service category, including carryover or any additional Notice of Grant Awards, to other service categories within the same funding stream, without prior Planning Council approval
  - » Allows the AA to reallocate money in the third and fourth quarters with approval from the Planning Council Co-Chairs and the Chair of the FMRA Committee, provided that the Planning Council does not meet
